JANIS Memo #55

1 August 1944

MEMORANDUM FOR: Contributors to JANIS 76

Subject: Instructions for JANIS 76

1. The boundary of JANIS 76 is shown on the sketch map below. The area consists of the coastal provinces of Fukien, Chekiang, and Kiangsu. In addition, some broad general treatment covering principal strategic routes should be given to the rest of China shown on map (23½ - 36°N and 112 - 123°E). Four (4) areas to be covered in most detail are marked by letter on the map: A, Amoy; B, Min-hou (Foochow); C, Yung-chia (Wenchow); and D, Shang-hai and vicinity.

2. A blue-line work map compiled from Ting Atlas 1:2,000,000 will be distributed about 1 September 1944. This map will be used as a base for all maps showing the whole area. Where nature of material over-printed permits, the base map will be reduced to 10 3/4 x 8 1/4. More detailed maps will be reproduced without reduction and run as plans.

3. Maps for any portions of the area (including detail sectors A, B, C and D) may be drawn to scale deemed suitable by contributors but it is desirable that wherever possible they be designed for Figure size (see instruction 1 July 1944, Topic 5).

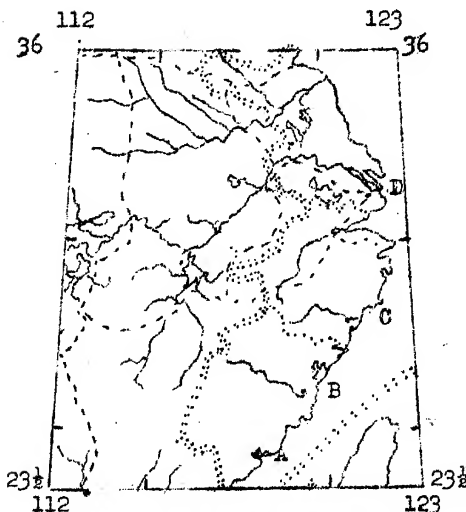

4. For spelling of place names use AMS series L581 (sheets 1 to 90) and L531 (sheets 48 to 75) and Gazetteer of Chinese Place Names based on index to Ting Atlas, Army Map Service, Washington.

5. Order of coastal description will be from south to north.

6. The deadline for submission of all copies (text and illustrative matter) is 1 November 1944.
